

St Clair West Station

Main entrance escalator closed and overnight work

Installation of structural support for the street level elevator work

Start date: Wednesday, March 16, 2017 to May 15, 2017

Content/timelines accurate of time of printing

*pending weather

Easier Access program (elevator 1 construction is ongoing)

- The “down” escalator at the main entrance will be taken out of service so that crews can safely install structural support for the street level elevator.
- The other escalator will remain available for customer use in the “up” direction.
- Access to the stairs will remain open and detours with signage will be in place.
- The main entrance will remain open during construction at street level.
- Construction activities will occur during the nighttime hours when there is less pedestrian traffic.

Work hours

The majority of work will take place between 7:00 a.m. and 7:00 p.m. Some work will occur during the nighttime hours when there is less pedestrian traffic.

Noise, vibration

Noise and vibration associated with construction is expected. Efforts will be made to keep noise levels to a minimum.
