

Baldini Magic

Baldini has been a performance illusionist for over 17 years and his approach to presenting Magic has always been about making people smile. When engaged with his subjects, he perfectly blends highly witty comedy with a powerfully engaging, "blow-your-mind" repertoire of illusions, thus producing a palpable sense of hysterically mysterious Magic.

Baldini also has extensive experience performing in front of large audiences. He has put on 65 shows in the Ontario Science Centre's 470 seat auditorium and has led over 70 Science of Magic workshops there as well.

He has appeared on mainstream TV a number of times, including "The Listener" & "The L.A. Complex (CTV), "The Second City Project" & "Private Eyes" (Global), "The Zone" & "Zoink'd" (YTV), "Breakfast Television" (CityTV), CP24 Breakfast (CP24), "The Being Frank Show" (CHCH), "Come Dine With Me" (W Network), "The Healthy Gourmet" (OWN Network) and "Daytime" (Rogers). He also appeared in the 2011 major motion film, Walt Disney's "Sharpay's Fabulous Adventure".

Baldini's clever patter, combined with his devious Magical sleights and smooth sounding voice, always make for an exceptionally entertaining experience.
